REED INSTRUMENTS

Infrared Thermometer

Model R2310

Features

- Built-in laser pointer identifies target area
- User selectable °F or °C
- 12:1 distance to spot size ratio
- Digitally adjustable emissivity
- Max, Min, Average and Differential readings
- Backlit display
- High and low alarms
- Dustproof and Drop tested
- Trigger lock for continuous monitoring
- Low battery indication and auto shut off
- Includes carrying case and battery
